Description

Ex Marble Works - A commercial in the Olula del Rio area.

THIS WAS A LARGE MARBLE FACTORY SITUATED ON A MAIN ROAD.

Due to the recession the present owner has closed the factory and sold all of the equipment.

There are large workshops and storage areas, office building and loads of outside storage.

3 phase heavy duty supply and mains water connected this property would suit multiple usage.

There is a large deal to be had here.

ESTA ERA UNA GRAN FÁBRICA DE MÁRMOL SITUADA EN UNA CARRETERA PRINCIPAL.

Debido a la recesión, el actual propietario cerró la fábrica y vendió todo el equipamiento.

Hay grandes talleres y áreas de almacenamiento, edificio de oficinas y mucho espacio de almacenamiento exterior.

El suministro trifásico de alta resistencia y la red de agua conectada a esta propiedad se adaptarían a usos múltiples.

Hay mucho que hacer aquí.
